*Sample taken from the US News Top 20 Report of 2017. Tuition rates are calculated according to 9 Credit/Unit hours being considered full time and a student is enrolled in full-time classes. Fees are calculated similarly - in the event that fees are charged per semester, the total number of fees are divided by 9 to give an even baseline of average fees charged per Credit/Unit hour. Fee columns equal to zero equate fees being lumped into the tuition columns.
